First International Workshop Toulouse 2019, February 18-22

The image shows a wide-angle photograph of a modern architectural complex. The building features a series of interconnected, curved white structures that resemble a bridge or a series of arches. Large, floor-to-ceiling windows are integrated into the design, reflecting the sky and surrounding environment. The overall aesthetic is clean, minimalist, and futuristic. Overlaid on this image is a large amount of text in a bold, black, sans-serif font. The text reads "Université de Toulouse 2 Jean Jaurès" on the top line, followed by "Ecole Nationale Supérieure d'Architecture" on the second line, and "de Toulouse" on the third line. The text is positioned in such a way that it spans most of the width of the image, with some parts aligned to the left and others to the right of the central building structure.
